

The Nanoscience Cooperative Research Center, CIC nanoGUNE, located in Donostia / San Sebastian, Basque Country (Spain), is currently looking for a

Laboratory Technician

to join the

Nanomagnetism Research Group

CIC nanoGUNE is a research center dedicated to conducting world-class nanoscience research for a competitive growth of the Basque Country. nanoGUNE is a member of the Basque Research and Technology Alliance (BRTA) and is recognized by the Spanish Research Agency as a María de Maeztu Unit of Excellence.

The **fulltime position** is offered under the supervision of Profs. **Paolo Vavassori** (p.vavassori@nanogune.eu) and **Andreas Berger** (a.berger@nanogune.eu), joint co-leaders of the **Nanomagnetism Research Group**, which is conducting world-class research in the field of nanoscale magnetism.

The successful candidate will join a very international team working at the intersection of optical methods, nanotechnology, and magnetism. **More information** can be found at <https://www.nanogune.eu/nanomagnetism>

Key responsibilities

- Organization of the Laboratories of the Nanomagnetism Group
- Maintenance of equipment and instrumentation
- Training and support of new group members
- Procurement of consumables and tools
- Performing group service measurements
- Training and supervision of selected general equipment and facilities

Candidate profile

The successful candidate should have a Vocational Training / Formación Profesional (FP) qualification or a bachelor's degree in physics or a related engineering field. Fluency in English is required, and fluency in Spanish and/or Basque will be positively valued. Recent FP and university graduates will be considered as well. The following traits will be valued:

- Independent working style and self-motivation
- Being a team player

Additionally, the following experience would be positively considered:

- Hands-on experience with experimental setups and research equipment
- Handling of gases, cryogenics, and vacuum systems

Starting date: As soon as possible

Application

Candidates should apply by completing the form below and attaching the following documents: a complete CV, motivation letter, certificates, and contact details of two references.

NOTES:

(i) All applicants will receive an answer after the end of the selection process; but please note that due to the large number of submissions that are expected, we cannot provide individual feedback.

(ii) Additional information about nanoGUNE's commitment towards [HR excellence in Research and Gender Equality](#) are available on our website.

(iii) We encourage you to subscribe to our [HR mailing list](#) to receive information related to nanoGUNE's open positions and open calls for different training and talent attraction programs.
